# WHY JOIN THE EVALUATION PROGRAM?

Benefits, annual cost & exclusive ZIP code participation

## $100 FOR THE ENTIRE YEAR, PER ZIP CODE

Evaluation enrollment is $100 per selected ZIP code for one full year. One ZIP code costs $100; three cost $300; five cost $500. The standard program is $1,000 per year, per ZIP code. Choose as many available ZIP codes as you want.

## YOUR ZIP CODE IS EXCLUSIVELY YOURS

Your selected ZIP code is reserved for you during your enrolled year. No other professional can enroll in that same ZIP code during that period. This reservation does not prevent organizations or individuals in the community from buying products or programs.

## WE CREATE, BRAND, SET UP & MARKET

Receive branded games, workbooks, substance abuse prevention and mental wellness resources, stress management tools and community workshop kits. Your name, business information, advertisements and links appear in your materials. We target employers, schools, colleges, churches, healthcare, youth programs and other community industries.

## YOUR RETAIL STORE + PRIVATE WHOLESALE ACCESS

Receive your public store link to market products and programs, plus private wholesale ordering for materials used in your office, workshops, events or resale. You also receive your resource and advertising links. Physical materials are ordered separately; applicable costs are shown when ordering.

## MULTIPLE STREAMS OF INCOME | PAYOUTS EVERY SATURDAY

Receive your agreed percentage of every product and program sale attributed to your selected ZIP code community, including sales you did not personally generate. Your share of collected sales is paid every Saturday. The program operator retains the larger share. Your account provides weekly reports, new client tracking and payout history.

## FREE PERSONAL SELF-CARE TOOLS

Receive self-care and stress management tools for your own use. Organizational offerings also include employer benefit and wellness programs with built-in in-services.

## WHAT YOU PROVIDE IN RETURN

Test the program and complete honest evaluations: how payouts went, any problems, how many new clients you received, what worked and what needs improvement. Favorable reviews are not required.

Your percentage, revenue calculation, ZIP code attribution, payout cutoff and renewal terms will be provided before enrollment. Income depends on actual sales; enrollment does not guarantee income or clients.
